SUMMARY

Computer Science graduate with a passion for problem-solving and learning, demonstrated experience in programming and customer service. Developed technical skill sets required to thrive in a professional work environment such as the AWS Cloud, web development, Linux, and computer technology troubleshooting.

SKILLS

- Hardware Troubleshooting
- Joomla & WordPress
- AWS Cloud Services
- RedHat
- Sanding & Staining Wood
- Java & HTML
- SSH & CLI
- Linux CLI

PROJECTS

Portfolios - Database Websites [GitHub Repository](#)

- Developed and maintained HTML and CSS websites using database and publishing services like AWS S3, Azure Container, Surge, and GitHub Pages.
- Created custom domain name with Google Domains and pointed the Ips in the DNS record to GitHub pages.

Serverless Application [GitHub Repository](#)

- Utilizing AWS Amplify CLI I launched an application and configured the server to connect to a GitHub repository.
- Application files were maintained and edited in Atom.

Headless Media Center

- Using a Raspberry Pi, I mounted an application called Volumio to the device and connected via hotspot to my phone.
- Set up respective devices using wireless keyboard, mouse, and wired monitor and connected the Raspberry Pi to Squire 4 Speakers.

Computer Building and Troubleshooting

- Set-up a Mid Tower computer after researching and budgeting for all necessary components and began troubleshooting boot issues then temperature issues utilizing POST solutions and bios configurations.
- Solved computer hardware and software issues for peers that resulted in replacing a power supply, ordering a larger case for cable management, and restoring a backup.

PROFESSIONAL EXPERIENCE

Woodworker [Sue's Antiques](#)

06/2021 — Present

- After acquiring antique furniture and items, I refurbish and assemble pieces utilizing hand-on techniques then display a finished antique in a variety of store locations selling the highest quality antique refurbished antiques.

Data Technician [CORESTAFF SERVICES](#)

11/2020 — 12/2020

- Worked through AWS Cloud troubleshooting tickets involving unable to POST and vital updates by rebooting servers, utilizing Linux update commands, reseating hardware and CAT5/6 cables, and other troubleshooting techniques.

Restaurant Server [Mariachis TequilaRia & Restaurant](#)

06/2018 — 01/2019

- Served customers while multi-tasking food orders, drink and chip refills, and station clean-up in a fast-paced environment to provide the best customer service.

Sale's Associate [PetValu](#)

09/2015 — 08/2017

- Faced with pet nutritional and health related issues I asked questions involving diet, exercise, symptoms, and allergies to accurately solve customer concern and did it effectively by utilizing critical thinking and communication skills.
- Volunteered with Homeward Trails, German Shepherd Rescue, and PetValu by feeding dogs and cats and cleaning cages.
